

3.4 Patterns of migration between Census 1996, 2001, 2011 and 2022

Migration between countries is driven largely by the quest for economic opportunities, political instability and increasingly, environmental hazards. South Africa is one of the migration destinations on the African continent, with a historically well-established migration stream.

Figure 3.1: Population born outside South Africa, Census 1996–2022

Figure 3.1 illustrates the distribution of the population born outside South Africa for Censuses 1996 to 2022. The results over time show that there has been an increase in the number of the population born outside South Africa.
