Definition note 定義說明 (2010). estimated overstayer population (people unlawfully in New Zealand), reference date October 2010. Register-derived estimate from the INZ overstayer estimate series; INZ notes the methodology was revised for the December 2017 estimate, so figures up to October 2014 / January 2016 are on the older basis. The same table also reports 15,760 for April 2010; the later 2010 estimate is used here.

Definition note 定義說明 (2011). estimated overstayer population (people unlawfully in New Zealand), reference date May 2011. Register-derived estimate from the INZ overstayer estimate series; INZ notes the methodology was revised for the December 2017 estimate, so figures up to October 2014 / January 2016 are on the older basis.

Definition note 定義說明 (2012). estimated overstayer population (people unlawfully in New Zealand), reference date August 2012. Register-derived estimate from the INZ overstayer estimate series; INZ notes the methodology was revised for the December 2017 estimate, so figures up to October 2014 / January 2016 are on the older basis.

Definition note 定義說明 (2013). estimated overstayer population (people unlawfully in New Zealand), reference date September 2013. Register-derived estimate from the INZ overstayer estimate series; INZ notes the methodology was revised for the December 2017 estimate, so figures up to October 2014 / January 2016 are on the older basis.

Definition note 定義說明 (2014). estimated overstayer population (people unlawfully in New Zealand), reference date October 2014. Register-derived estimate from the INZ overstayer estimate series; INZ notes the methodology was revised for the December 2017 estimate, so figures up to October 2014 / January 2016 are on the older basis.

Definition note 定義說明 (2016). estimated overstayer population (people unlawfully in New Zealand), reference date December 2016. Register-derived estimate from the INZ overstayer estimate series; INZ notes the methodology was revised for the December 2017 estimate, so figures up to October 2014 / January 2016 are on the older basis. The same table also reports 10,848 for January 2016; the December 2016 estimate is used here.

Definition note 定義說明 (2017). Reference year 2017. Register-derived estimate of the overstayer population, published as 'approximately 14,000'; INZ states it is not directly comparable with its later (2025) estimate because the methodology changed.
