Values

Year	Value	Grade	Verification	Source	Reference date
2017	800,000	C	modelled estimate; not mechanically re-derivable	Pew Research Center (2019), Europe's Unauthorized Immigrant Population Peaks in 2016, Then	See note

Definition note. Pew residual method, EXCLUDING asylum seekers awaiting a decision; published range 700000-900000, value is the midpoint. This corrected figure supersedes the original report estimate of 800000-1200000, which wrongly treated holders of indefinite leave to remain as unauthorized. Corrected series for 2014-2016 was not machine-readable and is therefore omitted.
