Field	Value
name	**Liberal democracy index**
vartype	D
tag	v2x_libdem
projectmanager	Jan Teorell
question	**To what extent is the ideal of liberal democracy achieved?**
clarification	The liberal principle of democracy emphasizes the importance of protecting individual and minority rights against the tyranny of the state and the tyranny of the majority. The liberal model takes a "negative" view of political power insofar as it judges the quality of democracy by the limits placed on government. This is achieved by constitutionally protected civil liberties, strong rule of law, an independent judiciary, and effective checks and balances that, together, limit the exercise of executive power. To make this a measure of liberal democracy, the index also takes the level of electoral democracy into account.
responses	NA
scale	**Interval, from low to high (0-1).**
notes	NA
crosscoder_aggregation	NA
cy_aggregation	**Day-weighted mean**
datarelease	1-16. Release 1, 2, and 3 used a different, preliminary aggregation formula.
years	1789-2025
